PROFILE

Undergraduate Statistics student at Universitas Padjadjaran with expertise in statistical modeling, data cleaning and validation, machine learning, etc. using R, Python, and Microsoft Excel. Experienced in teaching regression analysis and experimental design as a laboratory assistant and in providing statistical consultation to clients. Strong leadership, coordination, and communication skills developed through teaching assistantships, statistical consultation, and leading committee divisions. Career interests in data analytics and data science.

EDUCATION

Universitas Padjadjaran — **Jatinangor, Sumedang**
Undergraduate in Statistics — **Aug 2024 - Aug 2028 (Expected)**

PROFESSIONAL EXPERIENCE

Directorate of Research, Downstreaming, and Community Engagement, Universitas Padjadjaran — **Jatinangor, Sumedang**
Intern, Research & Social Impact Operations Team — **Aug 2026 - Present**
Contributed as part of a team to verify 200+ research publication records in Excel by cross-checking author information, journal indexing (e.g., Scopus), and journal quartile (Q) rankings to ensure data accuracy and completeness.

Teaching Assistant Experimental Design Analysis Project — **Jatinangor, Sumedang**
Laboratory Assistant — **Aug 2026 - Present**
Delivering weekly laboratory sessions for the Experimental Design course to 16 undergraduate students, guiding them in applying ANOVA, completely randomized design, randomized block design, and factorial design using R and Excel

Teaching Assistant Regression Analysis — **Jatinangor, Sumedang**
Laboratory Assistant — **Feb 2026 - July 2026**
Delivered 12 weekly laboratory sessions for the Regression Analysis course, guiding a class of 30 undergraduate students in applying simple and multiple linear regression and assumption testing using R and Excel.

Community Satisfaction Survey (SKM) at Hasan Sadikin Hospital — **Bandung, Jawa Barat**
Survey Enumerator — **Jun 2026 - Jun 2026**
Conducted face-to-face interviews with approximately 20 patients and family members over six days (June 10-15, 2026) for the Semester I 2026 Community Satisfaction Survey (SKM), administering structured Likert-scale questionnaires and recording responses accurately to support data quality for the Community Satisfaction Index (IKM).

LEADERSHIP & ORGANIZATION EXPERIENCE

Forum Kajian Statistika (FOKASI) UNPAD — **Jatinangor, Sumedang**
Staff Multimedia — **Feb 2026 - Present**
Managed FOKASI's online communication channels, handling approximately 2-3 consultation inquiries per week, and supported clients with regression, hypothesis testing, and descriptive statistics in R and SPSS for academic papers. Collaborated with the multimedia team on Instagram content that generated 30,590 views and reached 7,466 unique accounts in 30 days.

Staff Public Relations — **Feb 2025 - Nov 2025**
Disseminated information about FOKASI's statistical consultation services and organizational programs to promote public awareness. Assisted clients with statistical data analysis and provided support for research projects, including academic papers and data interpretation.

Student Executive Board of FMIPA UNPAD — Jatinangor, Sumedang

Staff Member, Social and Community Affairs Division — **May 2025 - Mar 2026**

Contributed to the planning and implementation of social and humanitarian programs, including community service activities and visits to special education schools and orphanages. Served as PIC for MIPA Berbagi, leading donation and outreach programs that supported 30+ recipients, including 15+ book donations, through 10 fundraising campaigns and 3 social initiatives.

Student Executive Board of HIMASTA UNPAD — Jatinangor, Sumedang

Staff Member Arts, Culture, and Sports Division — **Jan 2025 - Dec 2025**

Contributed to the planning and implementation of 5+ programs within the Arts, Culture, and Sports Division. Served as Project Officer for Putra Putri HIMASTA 2025, coordinating a team of 12 committee members to select and prepare 2 delegates from 14 applicants for the Putra Putri MIPA competition.

COMMITEE EXPERIENCE

Statistics Day — Jatinangor, Sumedang

Head of Liaison Officer Division (Statistics Day 2026: Aethera) — **Mar 2026 - Present**

Led a 12-member Liaison Officer Division coordinating participant, speaker, and guest relations across RASIO, Seminar Nasional Statistika (SNS), and Blazture. Managed LO operations for RASIO, an ASEAN-level competition with four categories, and collaborated with cross-functional committees to deliver SNS (120+ participants) and Blazture (2,700+ tickets sold).

Deputy Head of Liaison Officer Division (Statistics Day 2025: Elevora) — **Mar 2025 - Nov 2025**

Assisted the Head of the Liaison Officer Division in coordinating participant, speaker, and guest relations across all event series, including Blazture (1,900+ tickets sold). Supervised LO members and coordinated with organizing committees to ensure smooth event operations and resolve participant-related issues.

MIPA Sapa Generasi — Jatinangor, Sumedang

Staff Event — **Sep 2025 - Oct 2025**

Assisted in planning and executing educational outreach programs for elementary and special education schools, facilitating science and character-based sessions and supporting volunteers and logistics. Contributed to programs reaching 67 elementary school students and 5 special education classes, supported by 46 volunteers, with 60 tree seedlings distributed to promote environmental awareness.

MIPA Mengabdi — Bojong Kidul, Garut

Head of General Event — **Jun 2025 - Aug 2025**

Led the General Event Division in planning and executing community engagement programs for MIPA Mengabdi in Bojong Kidul, Garut, coordinating logistics and cross-functional teams. Contributed to programs that engaged 200+ community members across environmental, health, and educational initiatives.

COMPETITIONS

- **SATRIA DATA 2026, Big Data Challenge | University Delegate**
  Selected as a university delegate through an internal selection comparing LightGBM, XGBoost, and CatBoost for image classification in an internal selection, then developed the final model in Python (Google Colab) as part of a team for the national competition, achieving 96.7% accuracy.
- **SATRIA DATA 2026, Statistics Infographic Challenge | University Delegate**
  Conducted statistical analysis of Indonesia's CO2 emission trends and energy consumption in R as part of a team, and translated the findings into an infographic poster on the carbon market (IDXCarbon) and energy transition.
- **Placed 2nd in the Generative AI Application Competition (TALENTA for UNPAD, organized by Elitery), 2024.**

SKILLS

- **Statistical Analysis:** Regression Analysis, Time Series Analysis, Multivariate Analysis, Structural Equation Modeling (SEM), Experimental Design, Hypothesis Testing
- **Programming & Statistical Software:** R, Python, SPSS, LISREL (Basic), Microsoft Excel.
- **Data & Research:** Data Cleaning, Data Analysis, Statistical Modeling, Data Validation, Survey Data Collection, Data Visualization
- **Soft Skills:** Leadership, Project Management, Communication, Teamwork, Problem Solving.
- **Languages:** Indonesian (Native), English (Working Proficiency).
